**Spitzer Joins San Clemente in Opposing Toll Road Idea 14;
Supports Proposal that Will Not Detrimentially Impact Community**

(Orange County, CA) – Supervisor Todd Spitzer announced his opposition to Toll Road Proposal Idea 14, which he believes would negatively impact San Clemente. Todd Spitzer, who is the Third District Supervisor, also serves on the Transportation Corridor Agencies (TCA) Board and the Orange County Transportation Authority (OCTA).

“Traffic throughout the South County region must be addressed and we have viable solutions for relief that do not destroy communities,” Supervisor Spitzer stated. “Idea 14, a toll road extension proposal that would connect the SR-241 with I-5 in the City of San Clemente, threatens existing neighborhoods by rerouting traffic to drive through the heart of the community. That is an intolerable outcome for homeowners that have a right to protection for their investments and quality of life.”

Supervisor Spitzer emphasized the need for TCA to work with San Clemente in finding solutions and to remove Proposal Idea 14 from the table.
