Spitzer Secures Refunds for Toll Road Drivers Impacted by Recent Santiago Fire

(SANTA ANA, CA) If you drove on the 241 or 261 toll roads and were directed by law enforcement to take another route between Monday night and Tuesday morning during the Santiago brush fire, please call the TCA offices and request a refund.

The fire resulted in unexpected tolls for people who were unable to reach their destination on a normal route.

Supervisor Todd Spitzer, who is on the Board of Directors of the Transportation Corridor Agencies, has secured refunds for the drivers impacted by this fire. Spitzer oversees the Third District, where the Santiago fire burned 155 acres.

Spitzer appreciated the cooperation of all the motorists, which allowed the firefighters to quickly contain the blaze.

“I know how frustrating it is to be detoured on your way home,” Spitzer said. “Thankfully no one was hurt in this fire and buildings were safe. But that doesn’t alleviate the issue that numerous people were either forced to drive on the toll road or told to turn around – incurring a second charge.”

The TCA customer service phone number is 949-727-4800. Refunds will be made after the request is investigated.
