In conjunction with 2-1-1 Orange County, the OC Commission to End Homelessness convened an ad hoc committee to provide

> guidance on the 2017 PIT count project. The ad hoc committee's direction included a public places count with sampling methodology. This methodology was also used for the 2013 and 2015 PIT counts. During the 2017 PIT count, 86 additional maps were counted and surveyed for a total of 270 maps in comparison to 184 maps in the 2015 PIT count. Reductions in transitional shelter beds is reflective of national HUD funding priorities. Increase in emergency shelter beds is a result of The Courtyard, a County investment.

Reallocation of resources to permanent housing are not reflected in the count results.
