### **OC Workforce Solutions to Host Open House Events on Free Career Services for Community Members, Businesses, and Organizations**

**Garden Grove, Calif.** (October 18, 2022) – Orange County (OC) Workforce Solutions is hosting a series of open house events to welcome Orange County residents, businesses, and community-based organizations to tour the center, meet staff members, and learn more about the array of career and employer services provided at no cost.

Overseen by the OC Workforce Development Board and operating under the direction of the OC Board of Supervisors, OC Workforce Solutions offers a range of no-cost job placement, training, and career services for adult job seekers and dislocated workers — many of whom face barriers to employment. The OC Workforce Solutions' Business Solutions team brings local expertise to help employers find the work-ready talent they need to compete, access business resources to support their growth, and address challenges that come with transition and change. Through its innovative Ready S.E.T. OC youth program, OC Workforce Solutions works with underserved and at-risk young adults to help them finish school, find their first job, gain work experience, launch businesses, connect with mentors, and be part of a supportive community.

All OC Workforce Solutions' open house events are free and will run from October 24 through October 27, 2022. Attendees will be given a guided tour of the OC Workforce Solutions center and are invited to participate in orientation sessions for an overview of available services.
